

## What does Mindfire Solutions have to offer?

In today's competitive market place it is very essential to have a good e-commerce platform to be successful in business. Microsoft Commerce Server is undoubtedly one such product which is just apt for all businesses. Especially with the release of MS Commerce server 2009 things have become far easy to use, it makes the business owner focus more on the actual running of business rather than focusing on IT implementation issues.

We at Mindfire have been working in Commerce server for the last four years – we have a very strong expertise in Commerce Server 2007 as well as the latest release of Commerce Server 2009. Our Commerce Server experts are capable enough to handle any kind of requests pertaining to MS Commerce Server. Most of the team is **MCTS certified** as well.

We have worked for a host of industries starting from an Industrial Paper making company to as varied as an Online Marketing company.

## Our Expertise lies in:

In MS Commerce we have expertise in the following areas:

- ✓ Development on core systems (Catalogue, Order, Profile, and Marketing)
- ✓ Out of box Implementation - Developing interfaces for pipeline system to interact with Payment gateways (like Chase Paymentech) and third party services (like UPS) during check out process
- ✓ Support and Maintenance
- ✓ Deployment and Management of Commerce Server site and a host of other services - for details please visit our website <http://www.mindfiresolutions.com/Commerce-Server-Development.htm>
