

Mindfire Solutions now achieves ISTQB – Platinum Partner status

Mindfire Solutions announced that it has achieved the ISTQB – Platinum Partner status on 21st April, 2015. ISTQB's Partner Program recognizes organisations with a demonstrated commitment to software testing certifications.

Bhubaneswar, April 22, 2015: Mindfire Solutions is now ISTQB – Platinum Partner according to an internal source here. This announcement was made by one of the officials here at Mindfire Solutions on 21st April, 2015. A year ago, on 29th May, 2014, Mindfire Solutions had received the Gold Partner status from ISTQB. This shows Mindfire's strict focus on employee certification and knowledge. The Platinum Partnership achieved was primarily because of Mindfire's number of Foundation and Advanced level certificates held by their testers.

The ISTQB partnership recommends the 100 member testing team at Mindfire to be an expert unit and also suggests that the team has all the necessary skill set to meet client needs. This also validates the fact that, Mindfire Solutions is truly aggressive in establishing itself as a premier testing service provider.

Speaking to the occasion, CEO of Mindfire Solutions, Mr. Chinmoy Panda said that "I am very happy that Mindfire is now a Platinum Partner with ISTQB. I am also elated with the effort that the testing team has put in to make this happen within a year of achieving Gold Partner status."

About ISTQB Partner Program:

The ISTQB® Partner Program comprises four levels of partnerships (Silver, Gold, Platinum and Global) and the partnership level of an organization is determined through the number of certification points it has accumulated.
